Dallas College

Associate of Science in Computer Science

Dallas, Texas

Graduated, Nov 2023

- **Relevant Coursework:** Data Structures, Algorithm, Object-Oriented Programming, Software Engineering, Statistics & Applications

Evangadi Bootcamp

Full Stack Web Development (MERN) Certificate

Silver Spring, MD

Graduated, Jun 2023

- **Languages:** HTML, CSS, JavaScript, Bootstrap, React.js, React Native Express, Node, and SQL

WORK EXPERIENCE

JCI Creatives

Web Development & Design Intern

San Antonio, Texas

Oct 2024 – Jan 2025

- I enhanced the user experience by using HTML, CSS, JavaScript & React.js
- Integrated Google Analytics into the website, developed various functionalities for efficient data collection of user interactions

PROJECT

Amazon Clone

- Developed a scalable and secure e-commerce platform offering a seamless user experience for browsing, searching, purchasing, user registration, login, and payment processing across diverse product categories

Technologies used

- Used dynamic frontend technologies with HTML, CSS & React, supported by Node.js, Express for backend, and integrated SQL, MySQL, and Firebase for authentication and database operations, along with Stripe for secure payment processing

Evangadi Forum

- Developed a dynamic and engaging community-driven experience, like Stack Overflow where users actively participate in collaborative discussions by asking and answering questions

Technologies used

- Used frontend libraries such as React.js and Node.js to ensure smooth user experience and efficient data management with MySQL

Photobooth Business

- Developed a user-friendly, visually appealing website for photo booth business targeting Dallas market

Technologies Used

- Utilized HTML, CSS, JavaScript and React.js for frontend, Tailwind CSS to implement a sleek design, and Email.js for receiving requests directly from the website

ACTIVITIES AND LEADERSHIP

Male Achievement Program

- Led an organization of 40+ students, coordinating social events, and reaching out to the underprivileged communities

SKILLS
